6+ Years

ENTERPRISE IT & WEB SYSTEMS

4 Flagship

LIVE NATIONAL DEPLOYMENTS

Dual Domain

NETWORKING & FULL-STACK

● EXECUTIVE PROFILE & ENGINEERING PHILOSOPHY

Disciplined Network Engineer and Full-Stack Developer with 6+ years of IT infrastructure and production web development experience. Specializing in Python (Django REST Framework), high-performance Next.js 15 frontends, enterprise TCP/IP networking, and secure cloud architectures. Proven track record of delivering resilient, high-traffic national platforms and administrative systems.

● TECHNICAL COMPETENCIES & SYSTEMS ARCHITECTURE MATRIX

BACKEND & APIS

Python Django Django REST Framework Flask
Celery RESTful API Architecture JWT Microservices

FRONTEND & WEB

Next.js 15 React 19 TypeScript JavaScript (ES6+)
Tailwind CSS Shadcn/UI Framer Motion HTML5/CSS3

NETWORKING & INFRASTRUCTURE

TCP/IP OSPF BGP 802.1Q VLANs Cisco IOS
TP-Link Managed Switches Ubiquiti UniFi APs Subnetting
Wireshark DNS/DHCP HAProxy

TELEPHONY, SECURITY & ENTERPRISE

Panasonic KX-NS500 IP-PBX VoIP / SIP Extensions
Hikvision Biometric Access Control
Time & Attendance Systems Tally ERP Technical Liaison
Mosque PA & Sound Engineering

CLOUD, DEVOPS & SYSTEMS

Linux (Ubuntu, Debian, RHEL) AWS (EC2, S3, RDS)
Oracle Cloud (OCI) Docker Nginx Gunicorn
Git/GitHub Bash C (POSIX)

DATABASES

PostgreSQL MySQL SQLite
Database Design & Optimization

● PROFESSIONAL ENGINEERING & IT MANAGEMENT EXPERIENCE

Assistant IT Manager (Network Engineer) — JAMIA MOSQUE COMMITTEE

2023 – Present | Nairobi, Kenya

- ▶ Proactively architected and developed the complete jamiaGive donation and financial auditing platform (Next.js, TypeScript, DRF, PostgreSQL) featuring real-time donor tracking, multi-category fund allocation, and audit trails.
- ▶ Configured and maintained Panasonic KX-NS500 hybrid IP-PBX telephony infrastructure, managing IP desk phones, digital extensions, SIP trunks, and automated IVR call routing.
- ▶ Installed and administered Hikvision biometric access control systems, facial recognition terminals, and integrated computerized time & attendance management software.
- ▶ Served as technical liaison with third-party enterprise vendors to implement, troubleshoot, and maintain Tally ERP accounting systems.
- ▶ Configured TP-Link managed switches with 802.1Q VLAN traffic segmentation, inter-VLAN routing, and port security policies, boosting network resilience.
- ▶ Engineered campus-wide Wi-Fi coverage with Ubiquiti UniFi wireless access point (AP) installations, central UniFi controller provisioning, and isolated guest/staff SSIDs.
- ▶ Managed Jamia Mosque high-capacity public address (PA) and acoustic sound systems, controlling mixer channels, feedback suppression, and multi-zone distribution.

Lead Full-Stack Solutions Engineer — INDEPENDENT ENGINEERING CONSULTANCY

2022 – Present | Nairobi, Kenya

- ▶ Architected and launched the SUPKEM Digital Portal (supkem.org), providing bilingual news CMS, executive directory, and nationwide event registration.
- ▶ Built and deployed the Langata Islamic Center web platform (langataislamiccenter.org) with Next.js and DRF API for community programmes and donations.
- ▶ Developed the SeaFood Logistics & Analytics Dashboard (seafooddashboard.vercel.app) featuring real-time revenue analytics and inventory tracking.
- ▶ Designed the Kuranet distributed voting API featuring high-availability HAProxy load balancing, MySQL database replication, and DDoS protection.

Software Engineering Fellow — ALX AFRICA

2022 – 2023 | Nairobi, Kenya / Remote

- ▶ Completed rigorous 12+ month immersive engineering curriculum focused on C systems programming, Linux internals, and distributed web architecture.
- ▶ Built a custom UNIX command line interpreter in C with process forking, pipelines, environment variable handling, and signal traps.
- ▶ Re-implemented standard libc printf with variadic argument handling and multiple format specifiers.

ICT Officer — STATE DEPARTMENT FOR LIVESTOCK (GOVERNMENT OF KENYA)

Jan 2020 – July 2022 | Nairobi, Kenya

- ▶ Maintained government departmental LAN/WAN infrastructure, structured cabling, switches, and server room equipment.
- ▶ Managed network device inventory, access control lists (ACLs), and technical support for 200+ users across regional offices.
- ▶ Performed preventative hardware diagnostics and OS-level security hardening on departmental Linux and Windows servers.

● FLAGSHIP PRODUCTION PROJECTS & DEPLOYMENTS**SUPKEM Digital Portal** **Lead Architect & Full-Stack Developer**

National web platform for Supreme Council of Kenya Muslims featuring bilingual CMS, media publishing, and Quran competition registration with capacity management.

Stack: Next.js 15, Django REST Framework, PostgreSQL, next-intl, Tailwind CSS, JWT

Langata Islamic Center**Full-Stack Engineer**

Community mosque hub featuring live donation campaigns, prayer schedule notifications, and programme management backed by decoupled DRF REST API.

Stack: Next.js 15, TypeScript, Django REST Framework, PostgreSQL, Tailwind CSS

jamiaGive Admin Dashboard **Full-Stack Architect & Developer**

Enterprise charity operations and donation management platform independently architected on own accord for Jamia Mosque Committee. Features real-time donation analytics, category allocations, audit trails, and fund transfers. 100% complete and launch-ready.

Stack: Next.js, TypeScript, Django REST Framework, PostgreSQL, Radix UI, Recharts

SeaFood Platform & Analytics Dashboard

Full-Stack Developer

Full-stack seafood supply management system featuring inventory tracking, order fulfillment, and interactive sales visualization.

Stack: Next.js, TypeScript, Python DRF, Recharts, PostgreSQL

● **EDUCATION, CERTIFICATIONS & CREDENTIALS**

Software Engineering Certification

ALX Africa / Holberton School (2023 – 2024)

AWS Certified Cloud Practitioner

Amazon Web Services (2023)

Oracle Cloud Infrastructure (OCI) Associate

Oracle (2023)

Certificate in Software Engineering

ALX Africa (2024)

Cisco Certified Network Associate (CCNA Routing & Switching)

Cisco (Candidate / In Progress)

AWS Certified Solutions Architect – Associate

Amazon Web Services (In Progress)
